

# Stop Notice Instructions

## 1) Who May File:

In general, everything said about mechanics' liens or preliminary notice requirements and the time for filing applies to stop notices.

With the exception of an original contractor on a public works job or on a private job with no construction lender, anyone entitled to a mechanics' lien is also entitled to file a Stop Notice. (CC Sec. 3158-3159).

## 2) Who to Serve:

The stop notice is served on the owner, construction lender or any other person holding construction funds. (CC Sec. 3103).

If a payment bond has been recorded, then withholding by the owner or construction lender pursuant to the stop notice becomes optional, except for a Bonded Stop Notice, served upon the construction lender by an original contractor. (CC Sec. 3161-3162)

## 3. Bond Required with Stop Notice filed on Lender:

In order to make withholding of funds mandatory by the construction lender, the stop notice must be bonded 1-1/4 times the amount of the claim (CC Sec. 3083).

Request for Notice of Election - If serving the Stop Notice on a lender, you must include a self-addressed stamped envelope for the lender to notify you if a payment bond has been recorded on the job. If a payment bond has been recorded, the lender is not required to recognize the Stop Notice and your recourse will be with the bonding company. The bottom of the Stop Notice must be signed in the "Request for Notice of Election" box.
